

## 3.2.2 Motivationschub

The worksheet is enclosed in a large rectangular frame. At the top center is a rocket ship pointing upwards and to the right, with a circular window and a flame trail. To the right of the rocket is a large, grey crescent moon. In the upper left and lower right corners are two stylized clouds. The area between the clouds and the rocket is filled with horizontal lines for writing. There are four lines in the cloud on the left, four lines in the cloud on the right, and four lines in the open space below the rocket.
